How to "Live Your Best Life" from Colossians  
as You Engage Popular Culture**

**FREE PUBLIC FORUM ON CHRISTIAN FAITH & CULTURE**

Media both shapes and expresses popular culture with its veritable smorgasbord of subtle and not so subtle spiritualities, philosophies and idolatries proclaimed through offerings like Oprah, Hollywood, and American idol. Facebook, Avatar, and Lady GaGa captivate the imagination while they express deeper social and

spiritual longings. The syncretism and spiritualities of Colossae threatened the spiritual life of those early church believers with similar threats in today's 21st century postmodern culture. Come to discuss how we can "live our best life" from the book of Colossians as we learn how to engage and not escape from culture.
